## Editor's letter

**OK, so these isles probably contain a relatively high proportion of Euro-sceptics, but from where we're sitting, there's quite a lot to be said for more closely integrated links with our continental neighbours! After all, a quick trip on the Eurostar and you suddenly find yourself in the native land of the delectable Veronica Saint, while heading south to Spain might just bring you into contact with Catalan cutie Lorena! Still, if your passport's out of date, you could do a lot worse than stick around at home with the likes of busty Brit babe Kate Hunter. Erm, so everyone's a winner, really!**

## PANTY PLEAS!

Dear *Mayfair*,
I am just writing to give you my thoughts on the subject of clothes and the 'tease' element in your magazine. Obviously I enjoy the sight of pussy, but sometimes the sight of panties are enough for me. In volume 45 issue 3 I was extremely satisfied with the pictures of Carol clothed, showing a hold-up top and a bit of cleavage on pages 58 and 59. It helps, of course, that she is very pretty, but these shots, to me at least, can be just as exciting as a completely naked shot.

So many top shelf magazines seem to me to be a bit lazy, and inattentive to their readers' 'kinks' – the seated, upskirt shot is my favourite 'tease' shot – especially when the knickers are white. In everyday life this sight is always a welcome turn-on, be it on the train, in a café etc. It would certainly make my day to see more upskirt seated shots in your great publication. How about the classic secretary? I hope you could oblige and try to work this shot into the early 'tease' section of some of your sets.

Anyway, thanks for listening – it's back to Carol for me now!

**Joe, Notts.**

## ROMANIAN CONQUEST

Dear *Mayfair*,
Last summer I had a day off work and found myself at a bit of a loss, so I went into central London in the hope that something or someone might catch my attention.

There were a lot of tourists around as I strolled through Covent Garden. It was hot and I perched on a wall to watch the world go by. While I was sunning myself a lady came up to me and asked me in a strong Eastern European accent if I would take a photo of her and her daughter outside the opera house.

I agreed and took the camera she had while she and her daughter positioned themselves for the photo. Immediately my attention diverted to the daughter. She looked early 20s, wore a small vest top and a white denim mini skirt, which clung to her long, well-defined legs. She had long, mousy hair and didn't wear make up. She was sex on legs.

I took a couple of photos and then I asked them if they needed any help or tips about London, offering myself as a kind of tour guide.

To my surprise they accepted.

They were from Romania and were visiting London for a week. The daughter's name was Anna and she was 23. As we chatted it emerged she did have a boyfriend back in Romania, but it wasn't serious.

I showed them the obvious sites for a few hours, but got a look at Anna's long legs and pert tits whenever she wouldn't notice. She had small tits, and to my delight she clearly wasn't wearing a bra as her nipples were visible through her summer top.

> "Soon Anna's head was bobbing up and down, sucking away at my cock like there was no tomorrow."

In a stroke of luck, her mum said she was tired and wanted to go back to the hotel to rest before they went out in the evening. Being a true gent, I suggested that Anna and I carry on. Anna liked the idea, which gave me hope.

I suggested we go to a nearby bar for a quick drink before carrying on. It was hot and thirsty work touring London. In the bar and I suggested we head upstairs to find a seat. It was a metal spiral staircase and as she led I got a good look up her short skirt. I immediately got hard at seeing her white panties clinging to her buttocks. I knew now was my chance to work my charm.

We settled down with our drinks and soon began flirting a bit. Light-hearted, but she was different without her mum there, touching my arm every now and then and laughing at my attempted jokes.

She then rested her hand on my thigh and gently rubbed my knee. I couldn't believe it. This was going to be easier than I though!

We didn't say anything, it was clear what we both wanted.

Eventually she said we should go to her room. I had assumed her and her mother shared a room, but the Gods were clearly looking down on me that day.

We were in her hotel room within minutes and she disappeared into the bathroom. I sat on the bed. She emerged seconds later totally naked, her tiny tits on show.

I took off my trousers and pants and stayed perched on the bed. She knelt down and held my hard cock in her hand. She said: "My mother is next door so we should be silent."

The thought of fucking this girl while her mother was resting next door made me even harder, and then she began licking the tip of my cock before slowly easing it into her mouth inch by inch.

Soon Anna's head was bobbing up and down, sucking away at my cock like there was no tomorrow. I fondled her tits while she worked away.

She stopped after a while and stood up, pushed me back so that I was lying on the bed and crawled on top of me. She went to push my cock in her pussy but I stopped her. I was so turned on it would have been over in seconds if I had fucked her then.

I turned her round so that she was on all fours but with her pussy directly over my face and my cock below her face. I slid a finger into her pussy. She was wet, but I wanted her wetter, so I began rubbing her clit with my index finger. She writhed and moaned before beginning to lick my balls.

"Take it easy," I said. "I am too close."

She eased off my cock and let me do the work. I pushed my tongue up her crack as far as it would go and she let out a moan which, I feared, might wake her mum up.

I carried on tonguing her, my face wet with her pussy juice.

I couldn't wait any more, so I eased her onto her back on the bed, climbed between her parted legs and slid my cock in.

We began slowly, her small boobs barely moving as we rocked back and fourth. She was so wet. We built up speed and were fucking pretty hard. I noticed the wall cupboard next to us was mirrored and I could see a full reflection of me fucking this young beauty.

I stopped. I didn't want this to end and I was close to blowing my load.

I gently took my cock out of her pussy. Anna looked confused. I stood up and took her hand, pulling her up with me. I had noticed a balcony and thought we could have some fun outside. It was still daylight, the sun was shining and we were high up. The idea that we would be out on the balcony with her mother next door, who could walk out at any minute, made my cock throb even harder.

> "I slid a finger into her pussy. She was wet, but I wanted her wetter, so I began rubbing her clit with my index finger…"

I led Anna onto the balcony and asked her to rest her hands on the railing, looking out to London. With her back to me, I pulled her backside towards me and rubbed my cock up and down her crack from behind, teasing her. Then I slipped it in. It went in with such ease.

Soon I was pounding her pussy from behind on the balcony. She wasn't trying to be quiet any more. She was moaning with every thrust. God knows how her mum didn't hear!

I slid my arms under hers to hold her tits while I fucked her. I knew I was close.

I pulled out and turned her round and gestured that she sit one of the balcony chairs. She did so, grabbing my cock in her hand as she sat down. The touch of her hand on my shaft was enough. My cock exploded as she rubbed my helmet over her breasts. I came for what felt like several minutes, showering her tits in come as she rubbed them on my cock.

Finally, she licked my tired cock clean. The sight of my come all over her chest was one I'll carry with me for many a moon!.

We rested on the bed for a while and chatted, before I made my excuses and left, but not before we exchanged numbers for one last "tour" in London before she went back to Romania.

## WHO'S THE BOSS?

Dear *Mayfair*,

As fantasy shags go, having your boss is a classic. But like you, I always thought these things were just that; fantasies. No doubt boss shagging happened a lot once upon a time, why else would my uncle have run away with his secretary? But with the shoe on the other foot, and in this modern world, I never thought it would happen to me.

Last year, I was working for a small wine trading company, heading up the customer services team. My boss, Amanda, was a bitch. No two ways about it,

## HIP HIP!

Dear *Mayfair*,

I thought I'd write in to agree – and disagree – with Darren on the 'No Fanny' No Fur' letter of 45.02. Firstly I'd agree with his point about hands and arms being out of the way, because then you can see what you buy the magazine for! What I disagree with is his shaven every time line. I'm 26 and I love a hairy or neatly trimmed fanny – like those you find in the Classics.

Andrea, with those fishnet tights, looked somehow like she had trousers on, with the way they came up over her waist. I think she'd have looked even more sexy with hold-ups on!

Oh, and I nearly forgot the small tit thing. I love small tits – they're cute, pert, and firm, so more of them please! I know you'll do your best for me and all the others who share similar views, so three cheers for *Mayfair*!

**Steve, Northern Ireland.**

## STOCKING THRILLER

Dear *Mayfair*,

You've suggested in Mayfair Male that you and your team are interested in your readers' feedback, so here goes; I hope you find it constructive…

Over the last few years, *Mayfair* has, rightly, become renowned for featuring the loveliest girls in the sexiest lingerie, and yet month in, month out sets are featured with girls in tights, or even bare legged. How about making it a policy that girls/sets don't get a look-in in *Mayfair* unless the girls are in stockings and heels – preferably throughout the set? Surely it isn't too much to ask? There are plenty of other mags and other publishers who can accommodate all those weirdos out there who prefer their girls without stockings and heels. I have to say that even one or two girls per issue not in stockings really dilutes my enjoyment of the magazine.

The cover of 45.02, Angelica in a police uniform, was brilliant! And she was flashing stocking tops, to boot! Needless to say, it should be a cardinal sin to feature future covergirls without stockings!

While I'm here, I thought I might as well add my twopennyworth to the perennial debate on shaven or unshaven pussies. I think you'd have to be seriously old (80+) to say that, given the choice, you'd rather go down on an unshaven muff than a delightful fresh, pouting pair of shaven pussy lips. Hair's for her head, not for when you're giving her head!

**Mike, London.**

**Well, Mike, many thanks for your thorough letter (only a fraction of which we could fit in here!). Hmm, so you think every girl should be wearing stockings, eh? Well, while we can certainly see where you're coming from, we wonder if every *Mayfair* reader shares this particular kink. If we insisted on stockings for every set, we'd probably miss out on some cracking looking girls… but what does everyone else think?**

**As for the hairy muff thing – oh dear, it looks like it's horses for courses here! Previous correspondence suggests that a good many of you like a bit of covering down there, while others don't! Personally we can see the attraction of both – there's a lot to be said for looking at a girl's pussy, no matter how she chooses to present it!**

**Well, when a brand new girl like saucy Spaniard Lorena here comes along, you don't faff about sticking her somewhere in the recesses of the mag (not that *Mayfair* really has any recesses, of course!) – no, you stick her right in the front, to demonstrate clearly that the world has, even in a tiny way, suddenly become a better place! Because yesterday we'd never seen her lovely young body in a magazine before, and now all of a sudden here she is! Doesn't it make you feel glad to be alive, seeing such a lovely young thing out and about, just as nature intended? It sure does us!**

# JANIE SUMMERS

> "Although Janie only arrived on the 'mainstream porn scene' in September of 2009, by January this year she was up for the Best Newcomer gong at the AVN Awards."

They don't come much fresher to the upper echelons of the adult industry than Janie Summers, a twenty year old newcomer who has just signed an exclusive contract with one of the biggest companies in the business, Digital Playground, as part of their grand plan to seemingly hoover up all the best girls on the scene and generally take over the porn world.

Although Janie actually kicked off her career as Heather Starlet, that slightly tacky moniker only lasted for a handful of amateur shoots before DP director Joone spotted some snaps of her on the web, signed her, and persuaded her to change her stage name to something a little more bright and breezy to suit that beautifully perky body. From Starlet to Summer to starlet, if you like.

It probably won't come as any surprise to you that with her blonde hair, nubile figure and that lovely pair of pom-poms, Janie is a former cheerleader – she's a huge sports fan, and in particular loves watching basketball – and her hobbies involve working out and, surprise surprise, shopping for shoes and sexy outfits. She's a woman – of course she enjoys spending hours looking for new clothes and fannying around trying stuff on!

Janie is also in the process of taking singing lessons, so in future expect plenty of increasingly tuneful and pitch-perfect onscreen moans and groans and possibly an appearance on *The X-Factor*, following in the footsteps of Britain's very own Michelle Thorne.

But back to the moans and groans, and in this respect Janie's output has been fairly modest in comparison to some other more prolific first year performers. Where many girls have clocked up 50 movies after only a few months in the industry (which does tend to get through the talent, it has to be said), at the time of going to press Janie had chalked up only a handful of flicks as Heather Starlet and only two films for Digital Playground – *Janie Summers: Private Lessons* and their latest mega-blockbuster, *Fly Girls*.

Quality not quantity, as they say – you can have too much of a good thing – and it certainly seems that Janie is being wrapped in cotton wool and almost drip-fed to her growing legion of fans by her new production team, although the fact that her first couple of films have been a feature and a showpiece release indicate exactly how highly regarded she is by her new employers.

However, this softly, softly approach and the resulting relative lack of material hasn't stopped the critics spotting a star in the making, and although Janie only signed for Digital Playground and arrived on the so-called 'mainstream porn scene' in September of 2009, by January 2010 she was up for the Best Newcomer gong at the AVN Awards, albeit ultimately Janie was pipped to the post by the considerably more experienced Kagney Linn-Karter.

Yes, the future certainly looks rosy for this beautiful fledgling performer, and it's strange now to think that her life could've been so different. Janie is a qualified Nursing Assistant *(Get in! – Ed.)* and was actually offered a position in the Neurology department of her local hospital, but she turned it down to pursue a career getting her brain fucked out instead. And no, I'm not just being crude, because that's precisely what Janie desires from her choice of day job.

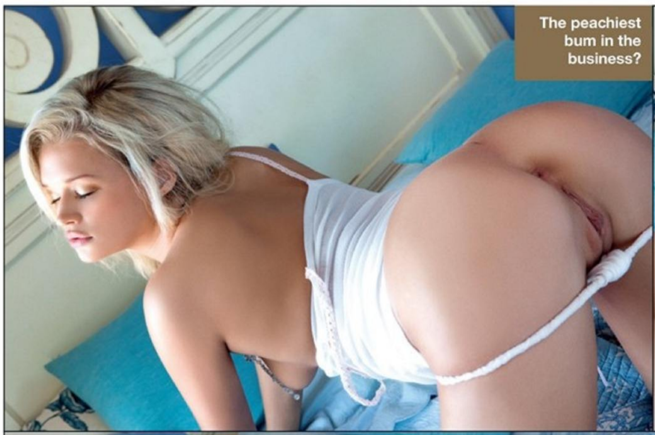
You see, she might come across as a bit of a typical blonde with her love of buying clothes and toning up that gorgeous body of hers in the gym, but she's far from the pampered bimbo when it comes to onscreen fucking. Indeed, Janie knows exactly what she wants from her scenes, and she isn't shy about going out there and getting it.

"I realise I look like the standard 'girly-girl-next-door', but I love rough, dirty sex," she told Porn Valley News in the US. "I love to get totally pounded."

But it's not all about the hardcore banging for Ms Summers. She likes guys who are 'into her feet' and who like to give them long, sensual massages. And, even if they were a bit on the stinky side, you probably would, wouldn't you?

If we've whet your appetite and you want to check out Janie in action, she personally recommends you do so in one of her early pre-Digital Playground movies, *The Voyeur In Me*. Naturally, she also suggests you check out her first headlining feature, the aforementioned *Janie Summers: Private Lessons*, where she appears with, amongst others, fellow gorgeous blonde, Lexi Belle.

Be honest, that sounds a fair bit better than a lot of flicks out there, doesn't it?



The peachiest bum in the business?

**Photos:** Digital Playground

So what do you do when you've gone and opened an issue with a girl as lovely as Lorena? Quite simply you make sure you follow it up with another absolute stunner, and that's what we've gone with the delicious Veronica Saint. And she's another newbie as well!

You might not be able to tell from the photos, but Veronica here actually hails from Paris, so as well as the gorgeous body, we got treated to her delectable Gallic accent as well. Sadly she only does the odd bit of modelling every now and again, though, so we'll have to work hard if we want to get her back in *Mayfair* soon, but we reckon it'd definitely be worth the effort!

“Are you always so thorough?”

Continued from page 05

the woman’s moods could turn on a six pence from being a woman you thought was one of the nice ones to a woman that breathed fire and spat staff members out like cherry stones.

I had been there for three months and had never once fantasised about fucking her. She was fit for her 35-or-so years, with good long legs and a pretty face, but the way she treated people all over the warehouse had her labelled in my book as one woman I never wanted to be more than professionally associated with – and even then for as short a time as possible.

“My cock pressed firmly into he groin and she rubbed herself up against me. We battled each other’s clothes off as we tried to keep our mouths locked together…”

Then one day, a Friday, Amanda told me that I’d need to stay late that night to go over some new phone scripts that we were implementing. I was pretty pissed off to be sure. A Friday night spent at work going over the drivel my staff had to spout with the bitch from hell? Well, you would be kind of narked, wouldn’t you. I could have told her to stuff it, that it could wait till Monday morning, but this was the bitch from hell, you would be wise not to cross her.

Anyway, by the time my last team member had left for the day and I had gone through a load of paperwork that had been waiting around for me to get to it, it was gone seven. Unless Amanda had kept anyone else back, the building was now totally empty aside from the two of us.

I was surprised when she waltzed into my office with two bottles of red – it wasn’t that unusual for us to have bottles of wine when the day was over, but I had never seen Amanda drinking in the office except when the MD was having one of his tasting sessions.

Everything began quite innocently, with Amanda taking the seat opposite me and being as efficient and work orientated as possible. Then, grumbling that it was silly for us to be bandying the script back and forth over the desk, she moved her chair round to my side of the desk and sat beside me. She was quite close, a little too close, I thought, but I tried to ignore it and get on with picking through the minutiae of the document.

By this time, we had necked the first bottle and were half way through the second. To be honest I was starting to feel a bit woozy, but since Amanda showed no signs of inebriation, I tried to keep on top of it. Suddenly, as I sat there hunched over the script, I felt Amanda brush her hand through my hair, round my ear. I froze for a second, wondering what the hell was going on.

“You seem tense, Neil,” said Amanda, standing up and positioning herself behind me. She began to massage my shoulders, totally freaking me out. What the hell is she doing? I wondered. Is she coming on to me?

“Take off you jacket, let me smooth some of those knots out for you,” she purred. Now it was obvious – jacket off? Purring? Two bottles of wine? This woman was clearly trying to get into my pants!

For half a second I wondered if it was wiser to leave and hope she never mentioned it again or take the risk and fuck her. Either way, I was putting myself in a pretty dangerous position. But then my dick, stirring inside my trousers, made my mind up for me. Fuck it was!

Once Amanda’s hands began to wander down my chest, all pretences of professionalism were forgotten. I stood up, turned around, and we kissed, our tongues probing each other’s mouth. My cock pressed firmly into her groin and she rubbed herself up against me. We battled each other’s clothes off, fiddling with blouse and shirt buttons and fumbling with zips as we tried to keep our mouths locked together.

“I bent her over my desk and peeled down her tights and panties just enough to expose her snatch. Then I took hold of her hips and pushed my dick insider her… ”

As soon as I had Amanda’ sizable tits out and her skirt off, I was ready. I just knew that this woman wasn’t interested in love making, she was the kind of woman who needed to be fucked hard if she was going to be satisfied, and I was more than happy to give it a go!

We switched positions, with Amanda pressed up against the desk and me right behind her. I bent her over my desk and peeled down her tights and panties just enough to expose her snatch. Then I took hold of her hips and pushed my dick inside her. She was good and wet, no doubt because she’d been thinking about fucking me all day, and soon I was hammering away at her pussy hard and fast.

She was as vocal with a dick up her as she was in boardroom meetings and I couldn’t resist the temptation to spank her. Her yelp suggested she liked it so I did it again, leaving a firm, meaty, red mark on her buttock.

I don’t like to boast, but I am pretty good at holding off, and fucking Amanda hard like this was no problem for me, especially since the wine had dulled a few of my senses somewhat.

To my surprise, Amanda reached the point of no return relatively quickly, yelling out, “Don’t stop!” as I hammered away at her pussy from behind. There was no way I was going to stop until I had come myself, so I fucked her frantically right through her orgasm and didn’t stop when she was done. I kept her pinned down to my desk, my cock deep inside her, and kept up the pace for all I was worth.

I was well chuffed when Amanda came again! There’s something special about making a woman come twice in one fuck, and making a woman like Amanda come twice was a double whammy.

But by now I could feel myself close to the finish, and started wondering where I should shoot my load. I definitely wasn’t going to come inside her, and I toyed with the idea of turning her round and shooting my jizz all over her face, but then I thought of something else even kinkier…

Just as I was about to lose my wad, I whipped my dick out and shot it all, every last drop, into her panties, filling her knickers with copious amounts of hot, salty cream. Wiping my dick on her tights, I pulled them and her panties back up and slapped her lightly on the crotch, making sure my spunk spread out all over her arse and pussy.

“Will that be all?” I asked once I’d got my breath back, doing up my trousers and shirt as Amanda lay on the desk still, panting heavily.

“Huh?” she murmured. “Oh. Yeah. That’ll be all for today, Neil. Thank you.”

And with that, I left, a spring in my step and a smile all over my face. Seems fantasies do sometimes come true, but not always when you’re having them!

Sadly I never got a repeat performance – Amanda had clearly had all she wanted of me, although we were always on much better terms after that until I got another job. I wonder if I’ll ever have another boss like that. Hope so!

**Neil, York.**

Cassandra here, we found out when we spoke to her, had wanted to be a model ever since she could remember and so, once she was of age, she set about following her dream. Now we're firm believers here that God helps those who help themselves, and so not only was she blessed with a burning ambition to see herself in print – she was also blessed with a pair of boobs that would almost certainly help to make her dream a reality! Talk about divine providence! And talking of Godliness, Cass is clearly a firm believer in its relationship to cleanliness, which means we get the chance to bear witness to those wondrous knockers getting all lathered up. Heaven be praised!

Good grief, has another lunar techno-month passed already since last we spoke? Yes, it verily has, so here comes JAMES SAINT right now with his ice-cold mindginal tech speculum...

Phew, so that was the iPad, eh? Thankfully I've been saved the effort of reviewing it this month by the fact that everybody's already decided it's a festering load of tripe which, thanks to its lack of Flash and the inability to run more than one application at a time, makes it about as useful for trawling the web and getting e-based jollies as an overcooked slice of rindless Richard Bacon. To be fair, though, there's a clue in the name – after all, what are pads for other than shoving down your pants when you're starting to lose that tautness you thoughtlessly enjoyed as a youth? Still, who the ruddy face ginger kid cares? Not this old soldier! After all, with my grip constantly wrapped around the throbbing blue vein of consumer technology, I know what else is out there that, while it may not have the savage exposure of Apple, is actually better. And now you can too...

## X2 Computing iTablet

Price: £TBA
www.x2mc.co.uk

And speaking of other options, have a Pat Butchers at this: the iTablet from – wait for it – British company X2 Computing. With all the slick looks of a superslim tablet computer, this little beastie offers a 10.2-inch widescreen TFT or 12.1-inch widescreen XGA display with touch and optional multi touch control (1024x768 resolution), Intel micro processors up to 1.6GHz with 2GB cache, up top 250GB of capacity, a built-in 1.3-megapixel USB camera, stereo speakers, an HDMI output, three in-built USB 2.0 ports, Bluetooth, optional; 3G and GSM, and Wi-Fi 802.11b/g. Oh and it runs Windows 7 OS and Flash too, meaning you can run as many applications at the same time as you like.

What's more, as a final slap in the face to Apple they've put an 'i' at the start of the name, thus ending up with something that's not only better specced, but better named as well!

## Microsoft Windows 7 Phone Series

Price: Dependant on contract

Another assault on Apple now, this time from the other big bastard of the consumer tech world, Microsoft. Hot on the heels of their partner-shafting Google phone comes the latest smart option to run on the popular Windows mobile OS system... but updated to the rather splendid new 7.

Like the X2, the 7 instantly trumps the iPhone in pretty well every departmet by allowing you run more than one application at a time – something which seems more and more ludicrous every time I write it. What were you thinking of, Steve Jobs and Co.?

To use, it's far more dynamic than its predecessors, navigation is as quick and simple as Wayne Rooney with access to the Internet, digital entertainment and Office applications all merely a finger tap away.

Yep, a viable alternative to the ubiquitous iPhone has finally reared its shapely little head, perhaps finally sounding the pips for Apple... or rocking it to its core and making it crumble... or some other lazy apple-based reference.

## Fujifilm Real 3D W1 Camera

Price: £429
www.fujifilm.com

Well, what mystery the sodding name has left for me to explain to you. Yes, what we have here is a camera that's both real and 3D... and if that doesn't have you reaching for the tissues, you haven't thought it through. Packing 10-megapixels and a nice big LCD display, this clever little device can open up a whole new world of excitement for you – the ability to take and view your own, proper 3D photos in digital format!

Now if you're feeling a bit cynical about this, rightly so. However, in this case, it actually works. Yup, you can either have your snaps in the weird 3D MPO format which gives you a 3D effect that requires viewing from a specific angle without specs, or you can convert it to old school red and green and check it out with glasses. It really works!

You can shoot 3D video too and, in the unlikely event you get bored, flick to a simple 2D shooting mode. Awe-fucking-some.

## Freeloader PICO

Price: £16.99
www.solartechnology.co.uk

Now that green's the new black, not only can you expect a lot of emo-goth kids moping about dressed up like the Incredible Hulk, but you can also, of course, expect a slew of eco-gadgetry coming onto the market to help lower your carbon footprints – gadgets like the Freeloader PICO, in fact! It's a pocket-sized solar charger for phones and other mobile effects, so all of a sudden you can cut your electricity bill by, oh, several pence a month and do your 'bit' for the planet as well.

OK, so given the British climate you might need to plan ahead a bit, eking out every drop of energy out of the sun whenever it's about, but if you're going on your hols somewhere nice and sunny – well, you can work it out for yourself. There are accessories, too, for if you want to charge your iPod, or batteries, or you just fancy cchanging your PICO's colour – and if the weather's crap, you can also charge it via USB as well.

## Genius G-Shot HD550T

Price: £110
www.geniusnet.com

Hey look, a camcorder for just over a ton! That's going to be absolute cack, isn't it? Well, normally I'd dismiss something like this as something for kids, but it seems that Genius (who hell they?) are onto something here. For a start it's got a 5-megapizzel (as Snoop would say) CMOS image sensor and shoots in 1280x720p high definition (at 30fps)... for £110. It's also got a three-inch LTPS touchscreen, 32MB of internal memory and dual SD card slots to boost that to 32GB... for £110. It also comes with an HDMI interface to let you plug it straight into your TV and runs of either the bundled rechargeable battery or four AAA... for £110. And did I mention the price? Oh, yeah, right.

OK, so it's never going to compete with Sony's latest £2k über camcorder, but the ability to shoot HD home grumble flicks for a pittance? Genius.

## Blue Snowball Microphone

Price: £90
www.apple.co.uk

Fancy yourself as the new Mumford and Sons or Vampire Weekend? Then you can fuck right off with your piss-poor, overly sincere, banjo-heavy tripe or your watered down Paul Simon-alike wacky guitar, because it's all hateful rubbish. If, however, you and a selection of talented mates fancy laying down some tracks and saving the music world from the utter bilge that currently clogs it, then you need this: the Snowball…

A USB microphone that plugs directly into your computer, thanks to its unique design it can record, in equal volume, in a 360-degree sphere! That means, all you have to do is gather round it with your steely guitars and double basses and jew's harps and hit record. The rest is done for you.

Naturally, once digitally recorded your musical musings can be altered, tampered with, edited and effects added until you're ready to release your magnum opus on the world.

Swindon's produced a load of great things over the years, and while we might not be able to think of any of them off the top of our heads just this minute, that doesn't mean that here at *Mayfair* we're not eternally grateful to the Wiltshire town – if only because it's where the delectable Kate Hunter was born and bred!

Green eyes, blonde hair, a nice curvy arse and the kind of tits you get to play with once in a lifetime (if you're lucky), Kate's as good an advert for the town as you could hope for. Who knows, maybe her appearance in *Mayfair* will give the town's tourism industry that shot in the arm it's been begging for all these years…?

And talking of begging for things, we were desperate for a date with Kate once this shoot was in the can, but she was a bit hard to pin down. Still, we're not the sorts to give up too easily, so we're hopeful we'll be seeing plenty more of her before long!

ARE YOU COMING WITH US TO BANGKOK?
MELANIE'S AMOROUS ADMIRAL
EXPOSED: THE PHANTOM BOTTOM-FLASHER OF THE M3

The late 70s and early 80s were an incredible boom period for the top-shelf magazine. On the contents page of the copy of *Mayfair* from 1981 I'm looking at as I type, for example, the circulation is cited as being an incredible 445,992.

With the advent of the internet, these days it's almost unthinkable to imagine a monthly adult publication (or any other) could sell so many copies, and it wasn't just *Mayfair* that was making hay.

Other softer, upscale, men's lifestyle driven titles such as *Penthouse*, *Playboy*, and the Paul Raymond titles *Men Only* and *Club International* were also flourishing, thriving in a market where the overwhelming demand was for softer material, with the girls fully naked yet presented in a very tasteful fashion. Imagine the 'Lads' Mag' tussles of the nineties and noughties but with more flesh on display – and slightly more intelligent and 'high-brow' features, of course!

When the difference between a good issue and a bad issue could amount to a shift of 50,000 readers, the battle to source exciting and exclusive content was fierce. Each publication had to continuously try and include girls and articles that would make them stand out from the crowd and even raise awareness in the mainstream media, and that's where *Mayfair* really excelled against the competition.

Over the years the magazine had already established a reputation for being the place to find photosets of celebrities baring all, and efforts on this front went into overdrive.

Genuine superstars of stage and screen frequently appeared alongside the plethora of less well-known beauties for which *Mayfair* was also famous. The result? A readership that often topped the 400,000 mark, and a regular logo on the cover proudly boasting 'Largest U.K. Men's Magazine Circulation'.

The glory days indeed…

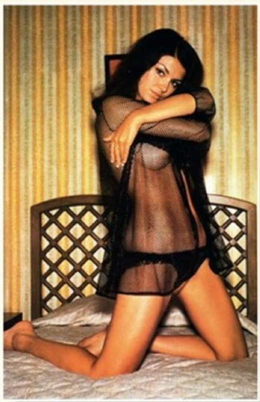
## Ursula Andress

Often referred to as the 'quintessential Bond Girl', Andress helped create one of the most iconic moments in cinematic history when she emerged from the sea wearing only a white bikini in the very first James Bond flick, *Dr. No*.

The 60s sex symbol appeared in *Mayfair* rather later in her career – just as she was approaching 40 – but thanks to the fact that she was still in great shape, and to the natural curiosity of the public as to what the now middle-aged screen siren would look like in the buff, the issue became a huge hit.

Indeed, featuring as it did another movie icon on the cusp of 40 in Brigitte Bardot, it has become one of the most collectible *Mayfair* archive issues of all time.

## Victoria Principal



COLOUR EXCLUSIVE
Victoria Principal
Bobby's wife from Dallas

Back in 1982, with the American TV blockbuster *Dallas* at the very height of its popularity in the UK, *Mayfair* managed to get hold of these sexy snaps of Victoria Principal, who played Bobby's wife, Pam Ewing, in the smash hit series.

So the pictures were 15 years old and featured a not yet famous Principal at 18, but imagine if we were to feature topless images of Teri Hatcher before she hit the big time or sexy pictures of the gorgeous Anna Paquin from the Vampire smash *True Blood*, then you can understand the impact this cover and spread had on boosting *Mayfair*'s reputation and readership.

## Stephanie Beacham

British institution and recent *Celebrity Big Brother* contestant Stephanie Beacham appeared topless in *Mayfair* in 1986.

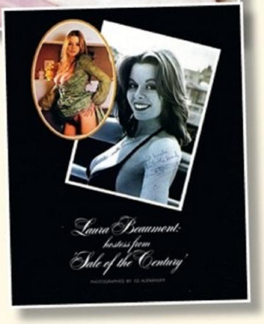
She had already enjoyed minor fame in Britain thanks to parts in numerous 'B-Movies' and also in TV dramas such as *Tenko* and *Connie*, but thanks to her starring role opposite Charlton Heston as the devious matriarch Sable Colby in *Dynasty* spin-off *The Colbys*, she had just been catapulted to global celebrity status.

Naturally, the pictures caused a huge stir, and people wanting to see this sexy superstar MILF flocked to buy the magazine.

## The Gameshow Girls

PENNY
THE PERFECT
TV HOSTESS
PHOTOGRAPHED BY
BRIAN McCREETH

It's no secret that an appearance in the pages of Mayfair can launch a girl into a glittering film or TV career. Our pictorial of the pert, firm-bodied Penny Irving in Vol. 7 No. 12 set her firmly on the first rungs of the ladder of success, a ladder Penny has climbed rapidly with several more modelling appearances to her



Laura Beaumont:
hostess from
'Sale of the Century'

If you were one of those so-called 'dolly birds' that were so popular on prime time quizzes during the late 70s and early 80s, then the chances are that you would have received a call from Editor Ken Bound to shoot for *Mayfair*.

The demand to see these glamorous girls that added colour to hit shows such as *Sale of the Century*, *Winner Takes All* and *Mr & Mrs* was understandably huge, and happily for the magazine's hundreds of thousands of readers, many were more than happy to oblige.

*Sale of the Century*'s Laura Beaumont, now, rather randomly, the wife of ex-*Goodie* and celebrity twitcher Bill Oddie, stripped off for Vol. 14 Issue 2, and Sue Lee, a glamorous blonde hostess from *Winner Takes All*, revealed all for Vol. 21 Issue 11. Penny Irvine, who was a regular distraction at the time on *Mr and Mrs*, stripped on two occasions for the magazine.

These girls weren't really proper celebrities, but if you saw a gorgeous, scantily-clad babe on a TV show, wouldn't you go out and buy a top-shelf magazine to see her in there fully-naked?

I cite *Countdown* hottie Rachel Riley and that bird off *Total Wipeout* as my evidence…

Not everybody who works on *Mayfair* is a dyed in the wool royalist, but when Anita Queen here started doing her thing, you wouldn't have found many of us who weren't standing to attention! There's something especially horny about a mature woman who knows just how to use her body to get what she wants, and Anita here certainly seemed to know all the moves. Some people say that life begins at 40, but after a thorough inspection we reckon we can safely say that 30 year old Anita's got enough life in her for us!

# Audi Do That?

Oil's going to run out soon, apparently, which as well as being bad news for massage parlours spells disaster for the motoring industry. Could this electro-prototype from Audi be the answer?

**Words:** Martin Bains **Pictures:** Newspress

When will the oil run dry? Nobody really knows. But the fact that most manufacturers are developing hybrid and electric cars suggests we've only got a couple more decades at the most. Are battery-powered vehicles the future? Probably not, due to our continued reliance on fossil fuels to feed the national grid into which they are ultimately plugged. But such is the promise of the technology behind the latest electric cars, it surely won't be long before the industry's engineering geniuses turn their hands to the next big thing.

Take the Audi e-tron, for example. It combines the looks of an R8 and the performance of a TT with the emissions of a milk float, and hints at the exciting future of environmentally friendly transport. No longer will drivers have to compromise on styling and pace if they want 'zero' carbon emissions.

This is the second development of the e-tron, and while the design doesn't bear such a close resemblance to the R8 now – its wheelbase is 22cm shorter – the supercoupé's influence is still clear to see, with that muscular nose and sweeping roofline. Your only real clue about how advanced this car is under the skin comes from the hi-tech details.

Most striking of these is the lighting system. While the R8's LED headlamps provide a real sense of occasion, the e-tron takes things much further. It has a bank of LEDs that merges into the grille, and these are activated automatically. They also adjust according to the weather conditions – so if it's foggy, their output changes to a single, wide, horizontal beam to reduce glare. Plus, the output is adapted to match the car's speed.

In the centre of the nose, the slats of the grille are closed – nothing unusual about that from an eco-friendly car, as this enhances the aerodynamics. But on the e-tron, the slats open automatically if the drivetrain requires some cooling air.

The interior is strictly for two, and as ever from Audi, it's a triumph of design and execution. The slim, minimalist dashboard curves beautifully around driver and passenger, and features a wonderfully elegant finish. Buttons and switches are conspicuous by their absence – the firm has incorporated even more of the interior's functions into its Multi Media Interface (MMI). The difference in the e-tron is that, instead of Audi's usual central control dial, this is all accessed through a smartphone-style touchpad, which only adds to the cutting-edge feel.

The incredibly supportive bucket seats and flat-bottomed steering wheel provide an early hint at the drama on offer to the driver. Hit the start button and you barely notice the e-tron has fired into life, as it's virtually silent. Don't

Will we all be driving these in 30 years? Maybe...

be fooled into thinking it delivers milk float-style performance to match, though. Select the forward gear and release the brake, and the car surges off the line with only the merest touch of the throttle. The two electric motors mounted behind the cabin combine to deliver an output of 150kW. That's the equivalent of around 200bhp, and although it doesn't sound like a lot, the e-tron tips the scales at only 1,350kg – so performance is guaranteed to be scintillating. The sprint from 0-62mph takes 5.9 seconds, and the car tops out at 124mph – it could go faster, but a speed limiter has been fitted to save energy.

Any electric car stands or falls on its range rather than its pace, though – and Audi has really gone to town to ensure maximum efficiency. For starters, the brake energy regeneration system already found on some of the firm's regular models has been adapted. On the e-tron, kinetic energy is stored when the car is decelerating, rather than just when the brakes are applied. Plus, it's a brake by wire system: there's no mechanical link between the pedal and the callipers, to reduce inefficiencies.

Audi has also come up with a revolutionary heating system. While most electric cars need a separate, bolt-on device to keep occupants warm – as there's no engine to generate heat – the e-tron uses a highly advanced pump, which turns up the temperature mechanically with the minimum impact on efficiency.

As a result of all this, the newcomer will travel up to 155 miles between charges, which is really impressive given the performance on tap. And when the batteries do run dry, owners can plug into a conventional household socket and get a full recharge in 11 hours. Most are likely to invest in a more powerful 400W set-up, though – this gives a more practical two-hour juice-up.

If Audi can come up with a production model that truly delivers on the promise of the e-tron concept, it will save the world. Kind of. This incredible machine proves there is life after oil – and it only scratches the surface of future development.

"Hit the start button and you barely notice the e-tron has fired into life…"

But despite the fact that's she's featured in *Mayfair* a few times now, we reckon she's still got what it takes to get our mailsacks bulging with appreciative missives. Why we can almost feel them swelling as we write…

# Six of the best... Hoaxes

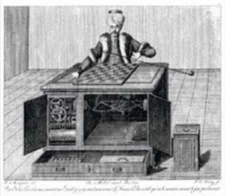
We've all told the odd fib from time to time, but there's something strangely admirable about those who've got the neck to unfurl some great big whoppers! TRISTRAM SMITH looks at some of our finest examples...

## 1• Piltdown Man

After Darwin had got the idea into our heads than man had evolved from apes, it seems us humans were still a bit baffled as to how this might actually have happened, and set about looking for the 'missing link' that separated us from our simian cousins. And that, to a good many in the scientific community, was exactly what – in the shape of a few skull fragments – was found in a gravel pit in Piltdown, Sussex, in 1912. It was even given the Latin name *Eoanthropus dawsoni* (Dawson's Dawn Man) in honour of Charles Dawson, the collector who, ahem, found it.

Amazingly, it took 40 years for experts to finally twig that Piltdown Man was nothing more than a few fragments of modern human skull with a bit of orangutan jaw grafted on. Dawson was long dead by then, so it's hard to say if he was solely responsible, although examination of many other curios in his collection turned up any number of obvious fakes.

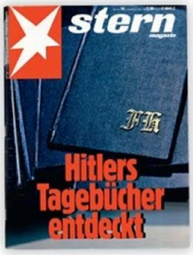
## 2• The Turk



Given that it's only been in the last decade or so that boffins have managed to come up with a computer that's capable of giving Grand Masters a run for their money, you've got to hand it to Wolfgang von Kempelen, who figured it'd be a hoot to knock one up himself... back in 1770. Machines were still a bit of a novelty back then, so perhaps it's understandable that plenty of notables were taken in by the idea of an automaton could outsmart a human...

The fact that the thing consisted of a hefty wooden box must have given the game away a bit, although von Kempelen made sure the innards were inspected before demonstrations (the human operator inside having to slide around nimbly to avoid detection), and in the following 50-odd years the likes of Benjamin Franklin and Napoleon were bested by the machine. OK, so it wasn't a real computer, but it was still an astonishing piece of craftsmanship (and showmanship) from von Kempelen.

## 3• The Hitler Diaries



History's usually written by the winners, and Churchill certainly did his bit by writing a whopping account of WWII – so who could blame German magazine *Stern* for getting excited when it looked like the diaries of Adolf Hitler had turned up in 1983?

Keen to keep the scoop under their hats, the magazine's executives skimped on historical analysis, merely running extracts past a few handwriting experts before shelling out 10 million Marks on them and splurging them all over their front page. *Newsweek* and *The Times* jumped on board as well, but things unravelled pretty quickly once the diaries were exposed to closer examination, being historically suspect, written on modern paper – even the handwriting turned out to be pretty sloppy. It emerged that they'd been knocked up by serial forger Konrad Kujau, who got banged up for his efforts – along with *Stern* journo Gerd Heidemann, who'd been in on the whole thing from the start.

## 4• The Howard Hughes Autobiography

One thing you can usually say about recluses is that they don't want the outside world to know that much about them, so the likelihood of an autobiography by Howard Hughes – former movie tycoon and American recluse par excellence – always looked pretty thin. But that didn't stop old friends Clifford Irving and Richard Suskind giving it a go back in the early 70s, rather optimistically assuming that because Hughes shunned publicity so much he'd rather keep schtum about the book being a fake than blow their cover.

Unfortunately they were completely wrong, although things didn't go tits up until after the pair had trousered over $700,000 for the book from publishers McGraw-Hill. When Hughes broke his silence in January 17972, though, the game was up, and the pair were obliged to hand back the lolly prior to getting modest sentences in chokey.

## 5• Crop Circles

As we've seen, it doesn't take much to get the Press worked up, and back in the late 80s Crop Circles was something the papers could really get their teeth into. Not only did they hint at alien visitors – it also gave them the chance to fill some pages very cheaply with great big photos! Now obviously it occurred to some that, assuming aliens had popped down to Earth, they'd probably have more pressing things to do than make pretty patterns in fields, but New Age-ism was on the up, and these pleasing designs did give many a sense of inner peace that only the very best whale song CD could equal. Oh, and they often occurred near Lay Lines as well!

Thankfully a couple of pranksters with planks and ropes finally fessed up, although that was, apparently, only because the wife of one of them was starting to ask awkward questions about the car's high mileage.

## 6• Cottingley Fairies

Just as with The Turk, there's nothing like a bit of new technology to get everybody in the right frame of mind for a hoax (anyone remember (blue)toothing a few years back, when the papers thought strangers had all started shagging, just because they had a new bit of communications kit?). Back in 1917 the new technology was photography, and while even today people say the camera never lies, they really should have twigged that it was telling great big porkies when a couple of young girls from Cottingley produced a clutch of pictures of themselves cavorting with fairies!

True, a dispirited nation that had been knocked about and horribly bereaved by three years of The Great War was casting about for any evidence of spiritualism, but the fact that as respected a figure as Sir Arthur Conan Doyle was suckered in really represented quite a coup for young Elsie and Frances! The reputation of the Sherlock Holmes creator never quite recovered, funnily enough...

# Dominica

Gorgeous Dominica hadn't done any proper 'adult' shoots before, but the allure of *Mayfair* was enough to ensure that our readers get to see her in all her glory before anyone else's do! Up till now everyone has had to make do with rather arty pictures of her looking moody and keeping that deliciously chewy looking pussy of hers well and truly out of view.

Well in the light of recent correspondence, we've decided that if a girl's worth shooting, she's worth shooting properly, so here she is, mivvy out, making her top-shelf debut!

I am blessed with a wife who is as randy as myself – if not randier. For many years we've enjoyed the kind of sex life you read about in this magazine, but there was one thing we'd never done that my wife Jools had been fantasising about for years – joining the Mile High club.

It's not been for want of trying, every holiday abroad we've taken she's planned a quick shag in the toilets of the plane before we've even bought the tickets. But since we've always had to travel economy and for some reason the flight attendants stand guard on the toilets, it's never happened.

Then, last March, I had a win on the gee-gees. A tidy little accumulator came in for me the moment Kauto Star crossed the finish line to win the Cheltenham Gold Cup. It wasn't enough to retire on, but it was more than enough for us to splash out. The both of us had always wanted to see America, so we decided to spend a month out there, crossing the country by plane to all the bits we fancied.

Naturally, Jools spent the months building up to it dreaming about getting covered in spunk 30,000 feet up in the air, and I really felt for her when the flight across the Atlantic turned out to have another guard on the toilets. It seemed like her dream would never come true.

> "She set about covering my rod in her spit, wanking my shaft furiously…"

However, after three days in Los Angeles we had to catch an internal flight to Las Vegas. These flights are totally different to the international ones – no guards on the loos, comfier seats, less people. Perfect. Jools had practically given up and after take of she moped of to the toilet without even suggesting I follow. 30 seconds later she was back with a gleam in her eye.

"There's no one on the doors," she whispered in my ear, "and the toilets on this plane are enormous!"

Another 30 seconds later, we were in the cubicle together and Jools was frantically trying to get my trousers down. What was enormous for one was a bit of a tight squeeze for two – it was obvious that if we tried to get totally naked we'd tie ourselves in knots, so I sorted myself out while Jools thrummed her clit, knickers round one ankle, skirt hoiked up round her waist.

She was wet before either of us had touched her pussy, but I needed a little bit more than the promise of a fuck on a plane to get me hard. Something like one of Jools's sloppy blow-jobs would do the trick – so she set about covering my rod in her spit, wanking my shaft furiously and rolling her tongue and lips round my helmet until I was throbbing in her hands and gagging to slip it up her.

With one high-heeled foot digging into the wall and another draped over the sink, Jools opened her flower to me and pulled me in deep by the hips. Jools isn't a shy girl, as you can imagine, but she was making me nervous with all her moaning and groaning – all it needed was for one disapproving person to pass by and the gig would be up. I put two fingers in her mouth hoping that her sucking on them might stifle the sounds of sexual pleasure.

And for a while they did, allowing me to fuck her good and hard, squeezing her breasts through her clothes and rubbing my thumb against her clit, but the more I fucked her the less she cared about sucking my fingers, and soon she as back to groaning loudly. My nerves got the better of me – in a good – way and I pumped my seed deep into her hole, bucking with the rhythm of it all.

Jools grabbed me firmly by the arse and humped me right back, her cries getting louder and louder until she finally came so hard she nearly kicked the door off.

One minute later we were peering round the door, checking the coast was clear and smirking to ourselves about what we'd just done. I'm happy to say that we fucked on every internal flight we took that month and now Jools likes to tell people that she's not just a member of the club, she's practically on the committee!

I work for a large pharmaceutical company, in the sales and marketing division. It's not exactly the most exciting job, but the work tends to be quite varied, and because I have to deal face to face with clients, it means I get to travel quite a lot. One of the main things I have to do is attend lots of boring sales conferences. They're generally quite dull, with lots of very work oriented people networking and schmoozing, and talking business. However, once deals have been done during the day, there's usually a fair bit of opportunity for having some fun in the evenings. And this year's conference was a real doozy!

Because the event takes place in the conference suite of a fairly big, posh hotel, most of the attendees book rooms in the same place. You see the same faces throughout the various lectures and seminars, then they all eat together and drink together in the bar afterwards. Anyway, amongst all the ugly hounds, boring business types and married women, I kept clocking this one very pretty blonde girl. She had incredibly long legs, a very decent pair of boobs and a sexy, slim figure. She was wearing an expensive looking business suit, and had a real air of importance about her, so I figured she must have been quite senior in whatever company she worked for. I love a woman with a bit of power, who's not afraid to ask for what she wants, and from the second I saw her, I was imagining her lips around my dick. We caught eyes a few times, and she didn't totally dismiss me, so I though I might just be in there.

Anyway, I saw her a few times during the day, eating dinner with another load of suits in the evening, and then have a drink with them afterwards. I was in the bar on my own, nursing a scotch and bemoaning the lack of decent looking, available woman. My hot businesswoman was totally entrenched with her boring looking company, and it didn't seem as though I was going to get a look in after all. I resigned myself to another lonely night, and decided to have a wank imagining slotting my dick into my fantasy woman. And I was just about to down my drink and make a move when she suddenly got up from where she was sat, said goodbye to her company and made to leave. She strolled towards me then sailed right past, very casually dropping a small square of paper onto my table. I picked it up and it had 'Room 346' scribbled on it. No way! I couldn't quite believe what had just happened, but I was hardly going to turn down the opportunity. I drained my glass, left

the bar and practically ran to the lift. I knocked on the door to her room, and she answered it in tiny little pair of black panties, matching bra and sexy black stockings. "You took your time," she said, grabbing me by the tie, and pulling me in through the door. She led me across the room and pushed me onto my knees in front of the bed, then sat down in front of me with her legs spread wide. She placed a hand on the back of my head, and with the other took hold of the gusset of her knickers and pulled it one side, revealing a totally shaven, glistening wet pussy. It was the most appetising thing I've ever seen, and she simply said, "Lick!"

I didn't need telling twice. I dived straight in, licking the whole length of her pussy, my tongue running up the soft crack between her lips, as I tasted her sweet, creamy pussy juice. She moaned loudly as I made contact with the hard fleshy nub of her clitoris and she collapsed back onto the bed, gripping both hands onto the back of my head, pulling my face hard into her pussy until I could barely breath. I didn't care though, I was so turned on having this woman controlling me, making me do what she wanted, that my dick was achingly hard in my trousers. I continued my work on her hot, throbbing pussy, licking all the way around her soaking hole, sucking and biting on the lips, nuzzling my nose against her swollen clit. I made my tongue into a hard point and slipped it between her lips, driving it into her hole and she started bucking wildly beneath me, nearly breaking my jaw in the process. "Oh yeah, that's it, keep doing it like that," she ordered, still pulling my face hard against her groin. "Keep going… yes, yes…"

All of a sudden, with her pussy really trembling and shuddering against my tongue, her thighs clamped tight against my head, she released her grip on me and pushed me away. "I want your cock inside me. NOW!" she shouted. She then sprang up off the bed, grabbed me, spun me around and pushed me onto my back on the bed. She didn't even give me a chance to take my clothes off, she just unzipped my fly, pulled my rock hard dick out and straddled me, stretching her tight, wet quim over the engorged purple head of my dick and sliding all the way down in one swift movement. She let out one, long agonized moan before lifting back off and slamming back down onto me, building up a rhythm until she was bucking on top of me. I tried to thrust up to meet her, but she held my hips down with her hands, controlling all the movement herself, as she literally fucked me.

She bounced up and down on my dick for a few minutes before I felt her pussy muscles rippling against my shaft, gripping and massaging my dick as she screamed out with her orgasm. I couldn't hold on any longer and managed to thrust upwards once as my dick exploded, jetting spurt after spurt of hot, thick spunk deep into her shuddering hole.

> "I made my tongue into a hard point and slipped it between her lips…"

She breathed heavily for a few seconds, panting and sweating, before rolling off and laying on her back next to me. "You can go now," she said dismissively, "I'm done with you." I was absolutely gutted, yet more turned-on than I've ever been, all at the same time. I was gagging to fuck her again, but the fact that this woman had literally just used me as a real life sex toy was such a mental turn-on I didn't know if I was coming or going. I straightened myself up and walked to the door, but just before I left, she called out, "I take it you'll be at the marketing conference in Newcastle next week?" You bet your fucking life I'll be there!

**Name:** **Olivia**
**Age:** **26**
**From:** **Canterbury**

Last year I broke up with my boyfriend after 18 months of washing his clothes and collecting his dry cleaning. We weren't even living together, and I felt a proper idiot when I found a credit card receipt for dinner at a posh restaurant. What made me utterly furious was that on the night in question I'd bought us tickets for a show he'd wanted to see. I had queued for hours in the cold for those tickets, and he had cried off at the last moment, telling me he had to work late, when really he was banging someone else.

When I confronted him, he eventually admitted he'd been wining and dining some floozie while I sat at home feeling sorry for him. Small wonder he'd been too tired to perform properly in bed! As far as I was concerned, game over! I was out of his life forever.

Feeling sorry for myself, I decided that some retail therapy was what I needed, and, dusting off my credit card, I headed for the town and began to shop.

As I strolled down the high street, swinging bags loaded with goodies, I noticed some last minute offers on vacations in Bermuda. It has always been one of my dream destinations, and I felt I deserved a little pampering to help me get over my disappointment, so I went straight in and booked my holiday.

Within the week I was lying on a pink coral beach, taking in the sights and sounds. For the first few days I just relaxed, allowing all thought of my cheating boyfriend to evaporate, drinking chilled fruit cocktails and sunning myself. It did not take me long to notice groups of local black lads hanging around the beach, playing ball games and flirting with all the ladies.

I grew horny just watching them, with their oiled and toned bodies, and I realised that having a holiday romance would be just the tonic I was looking for. Besides, they made a refreshing change from the boring lads at home. Their dark skin and rippling muscles gave them an exotic appeal, and since I was a free agent I smiled and waved to them, flirting and teasing until I found the one I really wanted and concentrated my efforts on him.

> **"He ran his astonishing cock up and down the length of my juice-slicked labia."**

Thomas was big in every sense of the word. I had never been with a black guy before, and over the next 10 days I found out what I had been missing. Our first time in bed together was an earth shattering experience. He took me to his house which was near the beach. One side of the building faced the ocean and as he lay me on the bed we could hear the sound of waves crashing in the background.

His body was hard and muscular, and when he lowered his shorts, revealing his magnificent boner, my pussy oozed sex juice, making my inside thighs slick. I was more than just simply ready for him when he laid my naked body back on his bed.

His long sensitive, yet strong fingers quickly found every spot that most excited me, and when he fingered my pussy his fingertips reached so far inside me that he almost immediately triggered my orgasm.

I reached for his cock, and my pussy clenched in delicious spasms around his invading fingers. Just feeling his size in my fist made me hotter and I tugged on his shaft, wanking it vigorously as he gently eased his fingers from my streaming quim. Smiling down at me, he promised that he would take me to heaven, and spreading my legs he ran his astonishing cock up and down the length of my juice-slicked labia. I arched my back, thrusting my pussy towards him in invitation as he pushed his helmet inside.

I have honestly never felt sensations so glorious as when he began to fuck me. His long thick black cock filled me as he eased it in and out slowly while sucking on one nipple. For the first time ever I became a selfish lover and allowed my partner to do all the work. I tried to mould my body to accommodate him but that was it.

As he began to shunt back and forth faster and harder, I gripped his shoulders, howling as I gave in to my basest animal instincts. Rolling around the covers in our passion, we fucked in almost every position, and when I came I scratched his back with my long nails, my pussy gripping his cock like a vice.

With a humorous laugh he looked into my eyes he said that we were only getting started. My eyes widened and I stared at him in dumb surprise as I came again, my body shaking as wave after wave of intense pleasure washed through me.

When he pulled out, the sight of his shiny black juice-coated cock made my mouth water, and I scrambled to my knees and slid it between my lips. I knew it would be impossible to take his full length, but I intended to deep-throat him as best I could. I began to bob my head on his length, grasping his monster cock tightly at the root. His pubes felt almost wiry in comparison to those of my previous lovers, but the strangeness of his body only spurred me on, making me hornier still.

I took him deep, gulping and choking as he pushed against the back of my throat. Breathing through my nose, I slackened my jaw in preparation to swallow, and as I gently played with his balls I felt them tighten as he released his load inside my mouth and I tasted my first black man's cream.

It was the holiday of a lifetime, and I intend to return this year! Hopefully I'll hook up with Thomas again, but if not, I'm sure I'll find someone suitable!

DON'T WATCH IT ALONE!

It's always refreshing when a micro-budget flick comes along and packs out the multiplexes solely on the strength of word of mouth. *The Blair Witch Project* is probably the prototype for this kind of thing, using the internet to create a buzz on the cheap and – thanks to the quality of the film to back it up – raking in the plaudits and the lolly as a result.

Well, if it's a *BWP* for the 21st Century you're after, last year's surprise hit *Paranormal Activity* would have to be the obvious choice. The budget looks, if anything, even tinier than *Blair*, and the cast of two (and a couple of bit parts) even scrapes under the bar as well!

Katie Featherston and Micah Sloat star as, umm, Katie and Micah (it probably helps to use real names if there's a bit of improv involved!), a youngish couple who've just setup home together in suburban San Diego, but it turns out Katie's got a bit of a paranormal back story that's tagged her on and off since childhood. Micah, in his bullish masculine way, decides to tackle the problem head on by buying a video camera and attempting to film the manifestations of the Katie's night terrors.

Well, things start off fairly slowly, with the odd creaking door and some peculiar behaviour from Katie, but it's pretty clear that the ghostie's not taking too kindly to the interference until the poor couple are besieged.

OK, so it probably doesn't quite live up to the hype, but with convincing performances at its heart, this is still a cracking little flick!

## STREET HAWK

STREET HAWK
STREET HAWK
THE COMPLETE SERIES
4 DVD
PG

Everybody remembers *Knight Rider*, of course, and possibly *Air Wolf* and *Blue Thunder*, but for bikers the pick of the crop had to be *Street Hawk*, in which Rex Smith starred as former police motorcycle cop who, after a nasty injury, is given a shit hot TOP SECRET bike (capable of 300mph) and sent out to tackle crime.

Unfortunately it only ran for one series, but that doesn't mean it didn't leave a mark on impressionable young minds, and now, at long last, you can get the entire series on DVD! There's loads of bonus material, and musos will be chuffed by the theme tune, performed by legendary electro outfit Tangerine Dream!

And if you fancy recapturing your youth, we've got five copies to give away! Just tell us which country Tangerine Dream hail from, and send you answers to Mayfair's Hawk Comp (or email mayfair@paulraymond.com) to reach us no later than April 16th.

A FILM BY MICHAEL HANEKE
THE WHITE RIBBON
15

As we type this film has just been pipped to the post for the best foreign language Bafta by *The Prophet*, but it did pick up the Palm d'Or at Cannes last year, so Director Michael Haneke's still got something to stick on the mantelpiece for his efforts – and the Oscars are still to come…

It's a meditative piece, set in a quiet German village in the year or so before the start of the Great War. Ahem, so far so enthralling, but Haneke likes nothing if not to unsettle his audiences, and sure enough things suddenly start going a bit awry for the villagers. There's clearly some sort of malevolent force at work, but this is no *Paranormal Activity*, and the mischief here is all of human making.

With superbly understated performances from the entire cast, and its convincing black and white portrayal of a bygone age at once both comparatively recent but at the same time utterly remote for most of us, this is a bleak tale, but one cinephiles should find very rewarding.

## PAINTBALL

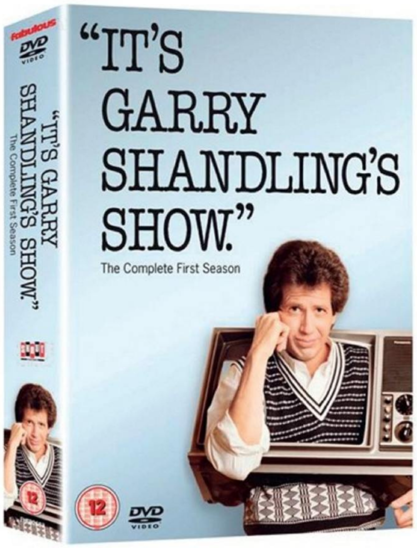
PAINTBALL
THIS IS NOT A GAME
18

As far as moviemakers are concerned, there's a lot to be said for staying away from forests – and especially forests in Europe! Hardly a group ventures into the woods without most of them getting massacred in one way or another (see Severance, Hostel, Backwoods and plenty of others), but here we are again, with eight strangers being set down in a forest for what they think is going to be a japey paintballing game. Is that what they get, though? Is it bugger!

Split into two teams, they set about the game, but then one of the teams comes under fire – not from paintballs, though, but proper bullets! Well, that changes things a tad, and acts as a cue for a full-on gruesome horror, in which protagonists find themselves being offed in all sorts of entertaining fashions!

Oh, and we've got five copies to give away, to readers who can tell us which brand of paint's mascot is an Old English Sheepdog. Answers to Mayfair's Paint Comp, 3rd Floor, 207 Old Street, London, EC1V 9NR, or email mayfair@paulraymond.com (subject 'Paint Comp') no later than April 16th.

## IT'S GARRY SHANDLING'S SHOW



The time? The late 80s. The place? Tucked away on BBC2. Were you there? That's right, keen-eyed viewers 20-plus years ago might just have stumbled across the hidden jewel that was *It's Garry Shandling's Show*, and if they did, they almost certainly never forgot it.

Starring stand-up Shandling playing a slightly hyper-real version of himself, the show revolved around the highly implausible scrapes that Garry and his cohort of chums and guest stars found themselves in each week, but there was a lot more to the show than that. For a start, it subverted all those classic sitcom clichés, not least by breaking the "4th wall' and not only acknowledging the studio audience, but also dragging them into the main narrative from time to time (in one memorable episode Garry asks them to look after his apartment while he was away).

OK, so in a way IGSS blazed a trail for the likes of *Seinfeld* and *Curb Your Enthusiasm* – and, of course the long-running *Larry Sander's Show*, but it was also a critical and popular hit in its own right, and at long last the first series of 16 episodes has made it onto DVD. Let's hope we don't have to wait as long for series two…

## THE AVENGERS

PATRICK MACNEE
HONOR BLACKMAN
THE AVENGERS
DIGITALLY RESTORED SPECIAL EDITION
THE COMPLETE SERIES 3
8 DVD SET
12

Our second black and white offering of the month (admittedly the first was released only last year!), and this one is a genuine slice of televisual history! It wasn't that long ago that what remains of series one and the entire series two of The Avengers were released, but hey – after a wait of this long, they've got some catching up to do!

Series 3 cranked up the sexual tension between Patrick Macnee's John Steed and leather-clad Honor Blackman's Dr. Cathy Gale (she's living in his flat, for goodness sake!), but of course it's all rather hush hush! Steed, meanwhile, has by now settled in his classic look of bowler hat, brolly and Saville Row whistle, thereby defining the very essence of the Englishman for the rest of the world for about the next 30 years.

This box set comprises no fewer than seven discs, with 26 50 minute long episodes in which pair foil all sorts of dastardly plots – as well as loads of bonus material. That's a hell of a lot of kinky boots!

**Just to make sure this issue was properly seasoned, we thought we'd sprinkle a little Jasmine in near the back – and can you blame us?**

**With those stupendous, all-natural charlies and that rather sultry countenance, she immediately put us in mind of Hollywood great Jane Russell when we clocked her before this shoot, although when we mentioned this she was far too young to know who on earth we were talking about. Well, out came the phone and we were able to show her online what we were meant, and she had to agree that there was a certain resemblance. That said, she took a bit of an exception to one of Jane Russell's films. In her experience, she said, gentlemen don't necessarily prefer blondes – and we can well believe it!**

## Play With Me

Vivid Video

Play with me
and play-hard

**Cast:** Courtney James, Monique Alexander, Scarlett Fay, Veronique Vega.

*Play With Me* is another vehicle for Vivid vixen Monique Alexander, although the supporting female cast is so outstanding that they're frequently in danger of upstaging the star.

Monique appears in two of the four scenes, both of which sizzle like a finger caught in an electric sandwich-maker. The first, in which she's pronged by Alex Gonz, features some particularly complicated and accomplished blow-job work of a quality which begs a round of polite applause.

In the second – the finale – she strikes numerous daring poses in a black miniskirt and no panties before indulging her inner canine with some doggie action, ending with a splash of guy-glue across the chops.

Other highlights include a three-way involving Courtney James, Scarlett Fay, and Ben English, in which Courtney beats Ben off ferociously onto Scarlett's lips and chin. Poor Ben; Courtney was terribly rough and afterwards he looked like he might cry.

Also worthy of mention is Veronique Vega's tryst with Evan Stone and a mate he brought along to help. Veronique sees plenty of action at each end, teasing out a second load from Stone along the way. ★★★★☆

## Ashlynn Brooke's All-Star Sluts

New Sensations

NS
Ashlynn Brooke's
All-Star Sluts

**Cast:** Ashli Orion, Ashlynn Brooke, Brandy Talore, Brianna Beach, Sadie West

Ashlynn Brooke presents some extremely high rent tail, including her own, in this excellent knob-versus-minge straight sex opus.

First up is Ashlynn herself, her enchanting giant knockers peeping through a dark see-through number at Michael Stefano. Clocking them, he becomes visibly lustful. His eyes get even beadier and he falls to his knees and starts licking her pussy... as would most of us, despite knowing where it's been.

Ridiculously fortunate Ralph Long answers the door to find a porn actress on the step. This sometimes happens in real life, but not often. So Ralph makes the most of Brianna Beach pitching up in a pink and white polka-dot dress, steering her into the living room with his tentpole evident. It soon becomes plain that Ralph is cheating on his wife, but Brianna quashes his half-hearted resistance by rubbing his cock. Then out come her bristols and in goes Ralph's pale pink pole.

When Sadie West's car runs out of fuel in the rain she knocks on a door, and begs Erik Everhard for help. This is a really stupid thing to do, because Erik just shags her, then sends her back out into the rain to fend for herself.

Still Brandy and Ashli to come, and they're both corkers too, frankly! ★★★☆☆

## What Went Wrong

Wicked

What Went Wrong

**Cast:** Alexis Texas, Kagney Linn Karter, Sascha, Stormy Daniels, Tori Black

A fine example of what is nowadays marketed by the adult industry as "a couples movie". To wit, a dirty film mild enough that you can watch it with your wife. Although someone else's wife might be even better.

Starring Wicked contract girl Stormy Daniels, the storyline hinges on Stormy's seemingly doomed relationship with Marcus London. Meeting in a restaurant, they discuss their difficulties, and, as they recall past events, we're fed our fornication footage in flashbacks.

The two recall how they sat chatting while Kagney Linn Karter was nailed by an increasingly frantic Rocco Reed - reminisce about Stormy sucking off her college professor before getting facialised by the worthy academic - and reflect on Marcus shagging a female Scandinavian back-packer at a time when he thought he might be falling in love with Stormy... though he doesn't look especially conflicted as he rams the back-packer in cowgirl and her tits slap her in the chin.

Eventually the two mixed-up lovers head back home to see if they can sort our differences by fucking in every humanly possible position with the sole exception of centre forward.

We are left to wonder if these youngsters will stay together. We can but hope. ★★★☆☆

## Riley Steele: Love Fool

Digital Playground

DP Digital Playground
Riley Steele
Love Fool

**Cast:** Ben English, Dani Jensen, Danny Mountain, Mick Blue, Riley Steele, Scott Nails, Sindee Jennings, Tommy Gunn, Tori Black.

Quite a tongue-twisting title, that, which, when spoken aloud, lends itself to bizarre spoonerisms such as *Riley Feele Loves Stools, Smiley Fool: Lube Fiend, Firey Ghoul Clubs Seals, Happy Meal Chuff Drool, and Riley Steele: Sex Idiot*, among oh so very many others.

We open with Riley whimpering into her beer in a stateside pub, while bar-tender Scott Nails listens to her romantic woes. Within less than two minutes he's listening using his cock as an ear-trumpet. Then he's licking her arse-crack and generally doing things which fall outside his purview as a barman.

Showing even less professionalism, he face-fucks her for a bit, then takes her from behind before finally launching his lorry-load into her face, almost snapping her neck in the process. Happily, she survives.

Dani Jensen finds out the hard way that appearing in a porn film can get you laid when cocksmith Tommy Gunn drops by the bar for a grope and a semi-public fuck. Stripping off her panties (which, you might think he was wearing, but it's just my poor syntax), he spanks and snogs her until she's ready for a blistering stand-up knee-trembler.

There's more first class humping, wailing, splashing and clean-up when Scott Nails gets his paws on super-cute Sindee Jennings, and Riley, moping round the house in sexy white lingerie while listening to melancholy music and sniffling, gets a visit from Danny Mountain and his celebrated mighty pizzle (its nickname: "The Hillside Strangler").

Tasty girls, nicely shot action. That makes it OK in our book! ★★★★☆

## What do you call a piece of wood that has nothing to do? Board.

A woman decides to treat herself to a facelift and a nip and tuck for her 50th birthday. She spends £15,000 on it and feels pretty good about the results. On her way home, she stops at a newsagents to buy a paper. Before leaving, she says to the bloke behind the counter, "I hope you don't mind my asking, but how old do you think I am?"

"About 32," comes the reply.

"Nope! I'm exactly 50," the woman says happily.

A little while later she goes into a McDonald's and asks the woman serving her the very same question.

The girl replies, "I'd guess about 29."

"Nope, I'm 50!" the woman answers with a great big smile.

Now she's feeling really good about herself. She stops in a Tesco Express on her way down the street, buys a bottle of water, and asks the cashier the burning question.

The bloke has a good look and says, "Oh, I'd say about 30?"

Again she proudly responds, "I'm actually 50, but thank you!"

While waiting for the bus to go home, she decides to ask an old man waiting next to her the same question.

He replies, "Well, I'm 78 and my eyesight is going. Although when I was young there was a surefire way to tell how old a woman was. It sounds very forward, but it requires you to let me put my hands under your bra. Then, and only then, can I tell you EXACTLY how old you are."

They wait in silence on the empty street until her curiosity gets the better of her. She finally blurts out, "What the hell, go ahead!"

He slips both of his hands under her blouse and begins to feel around very slowly and carefully, bouncing and weighing each breast and gently pinching each nipple.

He pushes her breasts together and rubs them against each other. After a couple of minutes of this, she says, "Okay, okay, how old am I?"

He completes one last squeeze of her breasts, removes his hands, and says, "Madam, you are exactly 50."

Stunned and amazed, the woman says, "That was incredible, how could you tell?"

The old man says, "Promise you won't get mad with me?"

"I promise I won't," she says.

"I was behind you in the queue at McDonald's."

"Jus' some chickens."

"If I guess how many there are, can I have one?"

"If you get it right I'll give you both of 'em."

"OK. Ummmmm… five?"

A man goes to a fancy dress party with nothing but a girl on his back.

"What have you come as then?" asks his friend.

"A snail," the bloke replies.

"How can you be a snail? All you've got is that girl on your back."

"That's not just any old girl," he replies, "that's Michelle!"

**A bloke is having a drink at a local nightspot with a friend when he spots an attractive woman sitting at the bar. After an hour of gathering his courage, he approaches her and courteously asks, "Do you mind if I chat with you for a while?"**

**She responds by yelling at the top of her lungs, "No, I won't come over to your place tonight!"**

**With everyone in the restaurant staring, the man slopes off back to his table, puzzled and humiliated. A few minutes later, the woman walks over and apologises.**

**"I'm sorry if I embarrassed you," she says, "but I'm a graduate student in psychology and I'm studying human reaction to embarrassing situations."**

**At the top of his lungs the blokes shouts, "What do you mean, two hundred dollars?"**

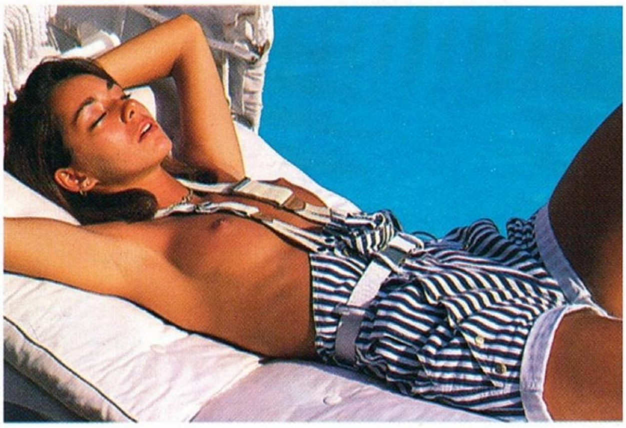
### The pictures that stripped her of her title

# MISS FRANCE

Could this lady have won the 1985 Miss World contest? Sadly we shall never know, because although 18-year-old Isabelle Chaudieu was the winner of the Miss France title, and eligible for the prestigious Miss World pageant, she was stripped of her title and prevented from entering. The reason is right before your eyes. It was this set of pictures by Michael Moore that upset the competition's organisers.



The photographs were taken shortly after Isabelle had won the 1984 Miss Cote d'Azur contest. Some months later they appeared in a French magazine, by which time her beautiful face and 35-24-35 figure had won her the title of Miss France, but not for long. When the photographs appeared, Isabelle had her title taken from her along with the opportunity to enter Miss World. Our readers think she'd have won.

# MAYFAIR Classic

Miss France? Why you certainly would if all the girls there looked like the stunning Mlle Chaudieu, wouldn't you? Honestly, we've always had our doubts about the whole Miss World thing, and no wonder – fancy kicking a girl out of the contest just for getting her mivvi out in a magazine. And a *French* magazine at that! Blimey, back in those days you'd have been hard pressed to find a magazine in France that didn't feature a goodly helping of hair pie!

*Mayfair* reader, BJ of Ashton-under-Lyme happened to be on holiday in the Bordeaux region when all the fuss about Isabelle started. Immediately he wrote to us, demanding that we buy the pictures so that all his friends in Britain could share her beauty. And the French themselves were keen to export her stunning looks as well. One reader, who signed himself simply Claude, wrote, 'She is fabulous, I think she should appear in *Mayfair* as a magazine like yours could really do her justice.' In short, we received over 50 requests from Britain and the Continent to show the pictures that caused the row, and only we can do exactly that.

MAYFAIR
Classic

But this is far from being the first time that the Miss World contest has been rocked by a storm of controversy. Two years ago, Bernarda Marovt, Miss Yugoslavia, caused a sensation when she appeared semi-nude in *Start*, a Yugoslavian magazine. The pictures, which also appeared in our Vol 19 No 2, were claimed to have hampered her chances in the Miss World competition, and she was very nearly excluded from entering the contest at all when Julia Morley, the boss of the Miss World organisation, voted against her as their country's representative. When we spoke to her at that time, she summed up her attitude to nude and semi-nude appearances thus: 'I have an international contest to run. Moral standards vary throughout the world, and some countries find nudity shocking . . . I must protect my competition.'

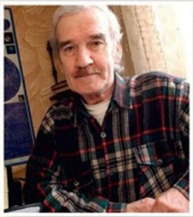
## WHAT IF...



Soviet army Colonel Stanislav Petrov had not been the man chosen to take charge of a training seminar at the Serpukhov-15 bunker near Moscow on the 26th of September, 1983, when the Cold War was at its absolute iciest?

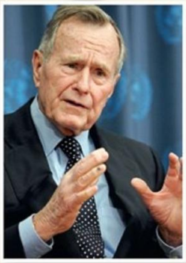
Well, the short answer is that it might well have been "Goodnight Vienna" and "Game Over" for all of us. We would all have died in a very brief World War III. Why? Because, by reason of his visit to the bunker, in the evening Colonel Petrov stood in for the bunker's usual hard-ass watch officer whose duty it was to monitor for a US missile attack... and that night the computer-based warning systems told the bunker's staff that the US had launched five strikes into Soviet territory.

If the usual watch officer had been in charge, he would have pushed the red button on his desk and the Soviets would have retaliated with their own battery of intercontinental ballistic missiles.

Instead, Petrov, being a level-headed sort with a humanitarian streak and a hunch that the US would surely have fired more than five missiles if they really had launched a first strike, experienced, he later said, "a gut feeling" that the alarm was the result of a computer systems glitch, and made the courageous decision not to report the incident up the chain of command.

If Petrov had not chanced to be at the helm that night and the alert had been passed on according to protocol, the whole Soviet nuclear arsenal would have been launched, not just at the West, but at China as well. Whether America realised that the Russian "counterstrike" was a mistake or not, they would still have launched in retaliation, as would Britain and China. Thousands of nuclear warheads would have detonated worldwide. It is estimated that two billion people would have been killed almost immediately, with another two billion dying from radiation sickness and the impossible conditions prevailing in the wake of the apocalypse. So three cheers to Stanislav!

## CONSPIRACY CORNER



Many conspiracy theorists believe that Denver International Airport in Colorado is far more than just a hub for passenger planes… and that it is, in fact, the western US headquarters of the New World Order!

Such theorists also claim that a massive underground city squats beneath the airport itself, citing as "evidence" for this a number of peculiar facts, including the almost absurdly long distance between the airport and the city it purports to serve, and the bizarre and creepy murals which adorn parts of the interior of the airport – murals which depict entire cities ablaze, soldiers in gas-masks, women in coffins, and which are bordered with Masonic symbols and abstruse hieroglyphics.

According to those who believe this stuff, the New World Order has such a grip on the global economy's bollocks that it can cause international depressions and inflation as it pleases, and its agents work the European Union, United Nations, the World Bank, and the International Monetary Fund like hand puppets.

The idea of the New World Order elite first gained popularity amongst the perpetually anxious following after President George Bush (the daddy) said he dreamt of a 'New World Order' in an address to the United States Congress on September 11, 1990, precisely 11 years to the day before the 9-11 attacks.

## ETIQUETTE FOR THE BEWILDERED

*Struggling to get to grips with life in the 21st Century? Fear not – we've got all the answers in our A-Z of etiquette dilemmas.* **F is for Flasher Celebs...**

In days of yore women learned how to alight from a carriage gracefully, and without showing too much ankle. And, as time went on, young ladies were trained to keep their knees together, most especially when getting out of a car. The Royal, the rich and the famous, were only too painfully aware of Press photographers and usually did their best to behave with modesty and poise.

These days the opposite behaviour is expected – and applauded. When we buy certain newspapers or mags it is all too often to see who's been flashing their smalls or their bush in Hollywood or the West End this week. Supplying a regular, if very brief glimpse of knickers or fanny fluff is what it appears to require to remain in the public eye nowadays.

Indeed, female celebs indulge in flashing so frequently that there are even web sites springing up which encourage you to guess whose pussy you are being gifted a fly peek at.

## HOLLYWOOD FOLLIES

"Ahm gan for a jakey ya twat"

*Goofs, accidents and cock-ups are as much a part of the half-assed world of Hollywood as poor storylines and bad acting, with the most awful oversights in logic and continuity gliding past inattentive film editors and arrogant directors onto the big silver screen.*

### *LORD OF THE RINGS: FELLOWSHIP OF THE RING*

*The Fellowship Of The Ring* is rumoured to have more bloomers in it than any other movie ever made – so many in fact that it's tricky to know where to start.

Peter Jackson, who made the film, knew where to start with the duff-ups, however: right at the beginning. When Gandalf stops his wagon on the outskirts of Hobbiton and gives little Frodo a ride home to Bag-End, his wizard's staff is near Frodo's shoulder. However, as they proceed along the road – and, in all fairness, as one might expect where Ian McKellen is concerned – Gandalf's rod is suddenly all over the place – appearing in the back of the wagon, then popping up again by Frodo's shoulder, then sticking out the back again, then reappearing in Sir Ian's fist.

Disturbing stuff. But worse is to come.

When Frodo's mate Pippin topples into the Midgewater Marshes, part of his rubber and horse-hair Hobbit foot is ripped off.

When the hobbits are sitting huddled round a table in the Prancing Pony in Bree, Merry returns from the bar with a pint and Pippin leaves to get one too. But when, next instant, Sam mentions to Frodo that Strider is looking at them, Pippin is seen still sitting there across the table from them – and Merry has either turned invisible … or gone off upstairs with a hooker.

A few minutes later, when the hobbits ask Strider where he is taking them, he answers "Into the wild" – and accidentally whacks the camera a dunt with his longbow as he strolls past it, making the picture wobble.

But Sir Ian isn't finished making a mess of things. As the secret door to Moria opens, Gandalf tramps inside the ghastly underground kingdom trailing a shiny electrical power cord (which powers the light-bulb in his staff) along the ground behind his long grey frock.
